WHAT WOULD YONNIE DO ?

NEW STYLE
PARA-MOUNT
ADVANCED DUAL DENSITY OUTSOLE
deluxlite

This popular technical style has been revamped by team rider, Yonnie Cruz. Yonnie combined the best of two worlds, the stylish upper of the Fremont and our PARA-MOUNT™ outsole construction. The Fremont Vulc offers an improved fit, featuring four-way stretch internal sock with slip-resistant heel. Our PARA-MOUNT™ outsole technology consists of dual density rubber that provides cushioning that challenges a cupsole. The Hex-tread pattern is designed for maximum board feel. Each Hex pod moves independently which gives 360 degrees of flexibility. The new premium foam DELUX-LITE™ sockliner is designed with a deep heel cup for stability and contoured arch for comfort.

NEWPORT

PARA-MOUNT
ADVANCED DUAL DENSITY OUTSOLE
deluxlite

The Newport pulls inspiration from our first ever vulcanized style, the Howard Select. Designed to be simple but loaded with performance. Built with the same comfort and support as the Bristol. The upper has refined bold branding, a breathable tongue, and a blend of durable suede and synthetic materials. Our PARA-MOUNT™ outsole technology consists of dual density rubber that provides cushioning that challenges a cupsole. The Hex-tread pattern is designed for maximum board feel. Each Hex pod moves independently which gives 360 degrees of flexibility. The new premium foam DELUX-LITE™ sockliner is designed with a deep heel cup for stability and contoured arch for comfort.

CAMBRIDGE

The Cambridge has a vintage performance aesthetic. The mixture of suede, mesh, and leather makes the Cambridge durable but also allows the foot to breath in key areas. The tongue padding is slightly increased for added comfort. Our new PARA-MOUNT™ outsole technology consists of dual density rubber that provides cushioning that challenges a cupsole. The Hex-tread pattern is designed for maximum board feel. Each Hex pod moves independently which gives 360 degrees of flexibility. The new premium foam DELUX-LITE™ sockliner is designed with a deep heel cup for stability and contoured arch for comfort.

THE PROTO

Inspired by Tony's creative impact on our industry during the late 80's and 90's, The Proto is a modern take on skate shoes of that era. Designed and developed to provide support and comfort for everyday skateboarding. The upper's unique panels were built for durability while its internal sock offers a snug-fit. The nylon webbing strap on the tongue is a nod to the lace savers that vert skaters used to protect their laces while knee-sliding. The Proto features an all new advanced XLK™ cupsole. An evolution of our team favored hex-tread which provides ultimate board feel, added grip, 360 degrees of flex and absorbs maximum impact. The sidewall shape is designed to help support and provide comfort. The entire outsole has been sculpted to reduce weight, stabilize the heel, improve overall movement and absorb maximum impact.

COBOUND

Stevie's new shoe is an evolution of his previous style with upgrades. The Flaco II fits Stevie's style perfectly with its classic and clean silhouette. The upper consists of CO-BOUND™ in high-wear areas and bold branding. Our advanced PARA-MOUNT™ outsole technology utilizes dual density cushioning to absorb high impact. The Hex-tread design combines 360 degree flexibility for increased board feel and maximum grip. Reinforced in the arch area for added protection and support. The DELUX-LITE™ sockliner uses premium foam and is designed with a deep contoured heel and arch for superior comfort.

RILEY HAWK II

RILEY HAWK PRO MODEL

PARAMOUNT
ADVANCED DUAL DENSITY OUTSOLE
deluxlite

Riley's second pro model, the Riley II, comes together as the perfect mix of natural design progression and subtle cues from his premier model. This lace-able slip-on takes the best features from Riley's first model and makes it all the more skateable. Featuring an extended toe panel to prevent seam blowouts, optional lace loops to provide an optimal fit, nylon heel tabs to ease foot entry, and our Paramount outsole paired with DELUX-LITE™ premium insoles. This shoe has been built to Riley's exact specifications. Precise, yet minimal branding lends the shoe to a countless number of looks, and makes it a shoe that Riley can wear while out filming during the day, or playing a show that night.

BLUE SUEDE

The Newport Hi is designed to be simple but loaded with performance. Built with the same comfort as the Newport but with additional ankle support. The upper has refined bold branding, a thin tongue, and a blend of durable suede and canvas materials. Our PARA-MOUNT™ outsole technology consists of dual density rubber that provides cushioning that challenges a cupsole. The Hex-tread pattern is designed for maximum board feel. Each Hex pod moves independently which gives 360 degrees of flexibility. The new premium foam DELUX-LITE™ sockliner is designed with a deep heel cup for stability and contoured arch for comfort.

Cody Chapman comes from the small beach town of Santa Cruz, where he began to draw his influence for skating at a very young age. Being that his father was a sponsored skateboarder and skimboarder, he grew up around skate and surf legends along the likes of Emmanuel Guzman, Keith Meek, and others. His fluid style and ability to skate anything in his path have brought him up to be the well rounded skater that he is today.

BRISTOL

PARA-MOUNT
ADVANCED DUAL DENSITY OUTSOLE
deluxlite

The Bristol is designed with priorities on performance and comfort. The fit is designed to improve foot support and reduce fatigue. The upper consists of seamless suede in high-wear areas, breathable perforation panels, and wide gauge perforation in the tongue for maximum breathability. The PARA-MOUNT™ outsole technology utilizes dual density rubber that provides extra cushioning to absorb high impact. The soles Hex-Tread Design provides 360 degree flexibility for increased board feel and maximum grip. For extra comfort the Bristol features our new DELUX-LITE™ premium foam sock liner designed with a deep contoured heel and increased arch support.

SHEFFIELD

The Sheffield is based off of our franchise Manchester model. Its vulcanized construction, bold branding, and clean lines give it a heritage Lakai feel, while its newly added reflective perforation pattern and breathable mesh window provides an updated look. The Sheffield's ability to lend itself to a wide range of colors and materials make this Lakai silhouette an instant classic.

GRIFFIN VLK

The popular Griffin silhouette has been upgraded with our VLK™ technology. The fine-tuned VLK™ performance outsole provides durability and that “broken-in” feeling out of the box. The Griffin’s defined branding and seamless toe panel, paired with the VLK™ technology, gives it a high performance makeover without sacrificing the classic look. The finishing detail comes from its unique, yet minimal tongue branding. The Griffin VLK™ is a natural progression in Lakai’s arsenal of skateboarding footwear.

GRIFFIN TEXTILE

The Griffin textile is perfect for any occasion. Its well defined branding and seamless toe box give it an appealingly clean look. It also features a hidden midsole which adds an additional layer of shock absorption, while its unique tongue branding gives it the finishing detail. The upper consist of CO-BOUND™ in high-wear areas and bold branding. All of these factors play into the reason the Griffin has become a fan favorite.
